

# Leman Beshirli

## FULL-STACK DEVELOPER

---

### PROFESSIONAL SUMMARY

*I'm a full-stack developer with a passion for building both efficient back-end systems and dynamic front-end experiences. I have a deep interest in how the complete web stack comes together to deliver seamless digital experiences. My expertise spans across a variety of technologies, including Python, HTML, and modern Python framework like Django. Whether it's designing a RESTful API or optimizing a front-end for better performance, I strive to deliver high-quality, scalable, and user-centric solutions.*

**Phone:**

+994508589505
